SUMMARY

I have completed the academic requirements for a BSc in Information Systems at the University of Colombo School of Computing. Having completed a six-month Software Engineering Internship at Scier Technology, I have gained practical experience in software development and teamwork within a professional environment. I am seeking an Associate Software Engineer role to leverage my technical skills and industry experience while contributing to innovative software solutions.

WORK EXPERIENCE

Software Engineering Intern - Scier Technologies (Pte) Ltd Dec 2025 - June 2026

- Revamped an existing Project from ASP.NET to .NET Core, improving maintainability and scalability.
- Developed and implemented multiple CRUD operations across several modules/pages.
- Worked on micro-frontend architecture, exposing reusable components for integration across multiple projects.
- Contributed to building an element-based reusable component project, enabling component sharing across different applications.
- Designed and created new Stored Procedures where required, and also converted existing SP logic into C Sharp backend services to support hybrid implementation between database and application layers.
- Collaborated with development teams to enhance system architecture and support project-level integration requirements.

PROJECTS

Trade Track

[Link to GitHub](#)

HTML—CSS—PHP—JS—MYSQL—FIGMA—DRAW.IO

A web application aimed at connecting local shop owners, manufacturers, customers in the spice supply chain, enhancing the efficiency and transparency of transactions in Sri Lanka.

Club sync-web

[Link to GitHub](#)

REACT—NEXT.JS—TAILWIND CSS—POSTGRESQL—FIGMA—DRAW.IO

Developed a responsive website connecting volunteers with clubs. Features include user authentication, event sign-ups, and direct communication with coordinators.

Club sync-app

[Link to GitHub](#)

REACTNATIVE—JAVASCRIPT—EXPO—POSTGRESQL—FIGMA

Designed a mobile app for volunteers to discover and manage club activities. Included features like event listings, notifications, and post to enhance engagement and streamline communication..

Chat-app

[Link to GitHub](#)

FLUTTER—FIREBASE—FIGMA

Built a secure one-on-one chat app where users can only initiate conversations by scanning each other's QR codes. Ensured privacy-focused communication with a simple and intuitive user interface.

EDUCATION

2023-2026 - **University of Colombo School of computing**

2018-2021 - Kili/ kilinochchi central college

2008-2017 - T/orr's hill vivekantha college

EXTRA CURRICULUM

Football- Member of the Football team at the University of Colombo school of computing

Content Creator- Created poems for Pahasara's media content, adding an artistic.

Member of University of Colombo school of computing media team (PHASARA)

SKILLS

Languages	C, Sql, Php, HTML/CSS, JavaScript, TypeScript, Java, C Sharp, Dart
Frameworks/libraries	React, ReactNative, Next.js, Flutter, .NET, Angular
Developed other Tools	Git, figma ,Trello, TFS
Soft skills	Fast Learning, Problem Solving, Team Player, Communication
Data base	MySQL, PostgreSQL, MSSQL
